2020 Price List
Effective January 1, 2020

From Ordinary to Extraordinary.

7 Solid Reasons Why.

It's all in the details – the right decorative hardware just makes the look. More than an accessory, the hardware is the jewel that draws the eye, accentuates the style and adds elegance to the space it graces. But true beauty goes beyond initial good looks. It's in the style, the depth of the finish and the weighty feel of the piece in your hand.

It Starts with the Finish.

Top Knobs' commitment to superior finishes begins with high-grade metals, molds and lacquer. Each hue richly and beautifully crafted - for a difference you can clearly see.

To Have and to Hold.

Smooth to the touch. Every edge, corner and detail individually inspected, hand polished and made to fit your hand. It just feels right.

Solid Construction.

The weighted feel and character of each creation tells you no corners were cut, no backs hollowed. Every piece as it should be... as exceptional as your space.

Lasting Protection.

Our completely sealed finish won't show wear, especially on the knobs and pulls used most.

Guaranteed for Life.

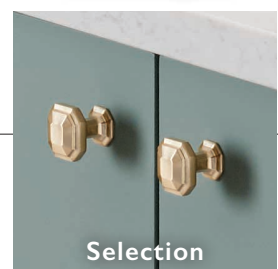

Your hardware will last for years. And we back it with a lifetime warranty for the original purchaser.

Samples are Free!

Express yourself – freely! Get a free sample of any knob and of any pull (less than 7" cc), of any price, for just a \$5 packaging and shipping charge each.

Unmatched Selection.

Choose from the world's most complete compilation of designer-inspired cabinet hardware - with over 4,500 designs, 34 collections and 30+ finishes. The only thing missing is you.

Impact of tariffs on prices

This price list for Top Knobs decorative hardware and bath hardware includes the impact of recent tariffs imposed by the United States. The total cost of tariffs has not been passed along to our customers – Top Knobs has absorbed some of the tariff costs.

If tariffs are reduced or eliminated, our prices on impacted products will be reduced as lower tariff products arrive in stock. If tariffs are increased, we will need to raise prices. We will notify you by e-mail regarding such price changes and the timing of those changes.

We recognize the challenge of the current situation – both in rising costs and the uncertainty around US trade policy. Our intent is to keep your costs down. Our intent is not to make money on these tariffs.

Top Knobs warrants for the lifetime of the original consumer purchaser that the products will be free from defects in materials and craftsmanship.

OUR LIFETIME WARRANTY is our statement of confidence to our customers that our products are designed and manufactured to the highest standards in quality, style, appearance and durability. This warranty reflects a tradition of excellence and a commitment to superior manufacturing, innovative design and craftsmanship dedicated to you, our customer. This warranty is our pledge to you that we will proudly stand behind our products for as long as you own it.

This warranty covers any defects in material and craftsmanship, provided that the consumer purchased the products from an authorized distributor of Top Knobs. Top Knobs cannot guarantee the quality or condition of products from distributors who do not agree to meet our high standards, and therefore, no warranty is provided for products from unauthorized sellers. For products purchased before 2010, a one year warranty is applicable. Any of our products purchased in 2010 or after are covered by our lifetime warranty.

HOW LONG DOES THE COVERAGE LAST?

Products purchased before 2010 shipped with a one year warranty. Products shipped in 2010 and beyond have a Limited Lifetime Warranty. This warranty lasts for the lifetime of the original consumer purchaser as long as you own your Top Knobs product. The warranty is not transferrable. Coverage terminates if you sell or otherwise transfer your Top Knobs product, for example when you sell your home.

WHAT WILL TOP KNOBS DO?

At our option, we will repair or replace the defective product, or refund the purchase price of the defective product.

WHAT DOES THIS WARRANTY NOT COVER?

This warranty does not apply to products which have been subject to misuse, improper installation, accident, natural disaster, corrosive air, outdoor use, or have been altered. Products may experience changes in appearance due to normal wear and tear. This is especially true for hand-applied finishes like patina finishes and chemically created finishes. Such normal wear and tear is not a defect and is not covered by this warranty. This warranty does not cover any damages or expenses caused by any defective product. See product use and care below.

HOW DO YOU GET SERVICE?

Consumers need to work through the purchasing dealer. In order to be eligible for service under this warranty you need to:

1. Contact Top Knobs at the address below, specifying the defect and providing your contact information;
2. Allow Top Knobs to inspect the product at a reasonable time and at a reasonable location; and
3. Return the product to Top Knobs within thirty (30) days after being instructed to do so by Top Knobs along with a description of the defect and documentation of being the original consumer purchaser.

YOUR RIGHTS UNDER STATE AND OTHER LAW

This warranty gives you specific legal rights, and you may also have other rights which vary from state to state in the United States, province to province in Canada, and from country to country.

PRODUCT USE AND CARE

All of our products are designed for indoor use only unless otherwise stated. Products should be cleaned only with a soft cloth dampened with clear water and wiped dry with a cloth. Water or soap residue should not be left on the product as chemicals or minerals contained within will eventually violate the protective coating and attack the finish. Do not use harsh cleaners or waxes to clean the product as these will also attack the protective finish and void the warranty.

PRODUCT VARIATION

Due to our hand-finished manufacturing process, you will see some lot-to-lot variation. Due to the nature of the finishing process, some products such as those with a hand-applied patina or rust finish will have lot-to-lot variations as to color and/or finish.
